FOR IMMEDIATE RELEASE

Release #200702

Advanced Poly-Packaging Releases New Catalog

(Akron, OH) May 9, 2007 – Advanced Poly-Packaging, Inc. announced the release of its new product catalog. The updated version includes a new introduction inside the front cover to better illustrate the company's "solutions-driven" commitment to customers.

The catalog also better illustrates and describes the T-300 Automatic Tabletop Bagger and T-375 Automatic Tabletop Bagger/Printer. Both pages highlight the machines with new photographs and more precise product features and specifications. Specifically, the page that features the T-375 features close up images of bags/labels printed with the machine's patented "Next Bag Out" technology.

Advanced Poly-Packaging offers the catalogs at no charge to customers and other prospective buyers.

You may request a catalog through Advanced Poly-Packaging's Web site at www.advancedpoly.com/contact or by calling 800.754.4403.

About Advanced Poly

Advanced Poly-Packaging, Inc., a leader in the manufacturing of packaging machinery and poly bags, offers a complete line of bagging and auxiliary equipment that includes tabletop baggers, production bagging machines and fully automated custom bagging systems for a wide range of packaging solutions in the medical, pharmaceutical, hobby/craft, jewelry, fastener, tool and other industries. In operation since 1979, the company's capabilities include film extrusion, flexographic printing, graphic design and poly bag conversion to produce custom high-quality poly bags. The company produces custom bagging solutions offering its engineering, custom programming and technical service capabilities to customers. Advanced Poly-Packaging is headquartered in Akron, OH and coordinates European sales and distribution from a satellite office in England.
